State University of Humanities and Technology

2010 - 2015

Обо мне

I'm a Senior Front-end Developer with 7+ years of experience in different international projects from different European countries, the USA, and Canada. Experienced in both UI development using a modern stack (React and Typescript) and Back-end (NestJS with the TDD approach for writing tests). Also good at organizing development processes between and inside teams with Jira and Bitbucket. Experienced Resource Manager, managed teams of 15-25 people.
