- iTechArt

март 2021 / май 2022 - Fullstack developer

- Andersen

июль 2022 / май 2023 - Fullstack developer

Образование

- Bachelor of Science in Engineering

Belarusian National Technical University
2015 / 2020

Обо мне

I'm a senior software engineer, Frontend developer with 3 years of production experience, with strong knowledge of building applications. Worked as a member of a globally distributed team, and communicated with customers. Experienced working in Agile-based projects, understanding of processes and practices. Mastered React, Typescript, JavaScript, and Node.js and successfully applied for building complex web applications. Supervised students' education process in Rolling Scopes School on Javascript course.
