  Polessky State University
  September 2016 - June 2020

- **Frontend developer**

  TeachMeSkills
  August 2022 - April 2023

Обо мне

I was very interested in developing the user interface of websites, so I began my journey by taking courses at IT-school TeachMeSkills. Throughout my training and while working on my graduation project, I found it fascinating to learn about new technologies and apply them in practice.

I'm a punctual person who takes deadlines very seriously. I enjoy meeting new people and communicating with them, and I also like to spend my free time actively.
