Навыки

Django, Formilk, Kotlin, Python, React, React Native, Redux, RTK query, Styled Components, TypeScript, Yup.

Опыт работы

- **Sweetcode Lav**

  08/2018 - 06/2023 - React & React Native Developer

  – have extensive experience in building and maintaining large-scale web applications using HTML, CSS, and JavaScript.
  – have a deep understanding of React and have utilized it to architect complex UIs, manage state with Redux or Context API, and implement efficient data fetching with libraries like Axios or GraphQL.

- **StartsLab**

  04/2023 - 07/2023, - React team Lead developer

  – have led teams and mentored junior developers, providing guidance on best practices, code reviews, and ensuring high-quality code standards.
  – High-quality code and best practices.
  – Efficient team collaboration.

- **DexReturn**

  10/2022 - 04/2023, - Team Lead React Developer

  – As a team leader, I have overseen the successful delivery of multiple React projects, ensuring that they were completed on time, within budget, and met or exceeded client expectations.
  – I have fostered a collaborative and productive team environment, promoting effective communication and cooperation among team members. This has led to
  smoother project execution and improved overall productivity.

- **Gerawolf**

  08/2019 - 10/2022 - Android & React Native Developer

  – I have successfully developed and deployed multiple Android and React Native applications to the respective app stores. These applications have been well- received by users and have achieved high ratings and positive reviews.
  – My proficiency in both Android and React Native development has allowed you to build cross-platform applications, leveraging the benefits of code reuse and faster development cycles. This has resulted in cost savings for clients and increased efficiency in delivering applications to multiple platforms.
  – I have demonstrated expertise in optimizing the performance of Android and React Native applications. By implementing efficient algorithms, optimizing code, and leveraging platform-specific features, I have significantly improved the speed and responsiveness of the applications you have worked on.

Образование

- **Програмирование**
