Обо мне

Here is a GO developer who previously worked for a long time as a machine learning specialist, who is a highly motivated, technically savvy specialist with extensive experience in data analysis / data science at large industrial enterprises, in finance and medicine. I am able and like to solve the following tasks:

- 1 - Data visualization
- 2 - AA/AB testing
- 3 - Clearing the data
- 4 - Fitting the model
- 5 - Data Cleaning
- 6 - Data Mining
- 7 - Machine Learning
- 8 - Building predictive models
- 9 - Methods of collecting and processing data from the Internet
- 10 - Development of web applications on Go
