Опыт работы

• Hello Entertainment Pte. Ltd

2021-2023 - Frontend Developer

Tasks:

Software development and maintenance;

SPA React / React with Typescript;

Creating landing pages from scratch (Next.js); Working with redux, graphql, Socket.io, MongoDB; Experience in game creation;

Results:

Developed and implemented a responsive and user- friendly web application using React.js

Optimized the performance of the application, resulting in a 30% decrease in page load time and improved user experience.

Shortened communication with the designer to the developer-designer, which reduced the development time;

Collaborated closely with backend developers to integrate frontend interfaces with backend APIs; Actively contributed to brainstorming sessions and provided creative ideas and suggestions for improving user interface and user experience

• Bremino Group, LLC

2020-2021 - Junior Frontend developer

One of the leading logistics operators in Belarus.

Tasks:

Creating SPA for customers;

Creating web-site for company (React/Typescript); Creating landing pages for services (React/Typescript);
