## Обо мне

My name is Dmitry, and I React Developer.

I have experience with JavaScript/TypeScript, React, Redux and other modern web development technologies.

I worked at Andersen in Krakow, Poland. I have worked on several projects. While working on the applications, my responsibilities on this project is:

1. developing new and improving the existing functionality
2. creating user interfaces
3. writing unit test
4. fixing bugs
5. building server REST API integrations

There is a letter of recommendation from Andersen that can confirm my words.

I am confident that I can be of service to your company and contribute to its success. I am ready to demonstrate my skills and knowledge on a test task or interview.

I will be glad to receive an answer from you.
