Навыки

.NET Core, Angular, ASP.NET Core (MVC and Web API), AutoMapper, Docker, Entity Framework, MongoDB, MS SQL Server, net, RabbitMQ, React.

Опыт работы

- **Godel Technologies Europe**

2020 - current moment - .Net Full-stack Engineer

Образование

- **техник-программист**

УО "Гродненский государственный колледж техники, технологий и дизайна"
2016-2020

Обо мне

More than 2 years of experience in software development with a good background in Microsoft technology stack including C#, .NET, .NET Core, ASP.NET (MVC and Web API), MS SQL, MongoDB focused on development of web applications. Extensive background in full life-cycle of software development process including requirements gathering, design, coding, testing, debugging and maintenance. Proven track of record of designing and implementing flexible solutions which support frequent UI and functionality changes.

Focused on writing clean and maintainable code using design patterns, good architecture and SOLID principles. Ready-to-learn, responsible person with strong decision-making and problem-solving skills.
