Обо мне

As a creative and experienced Frontend Developer with a strong Software Engineering background, I excel at crafting tailored solutions for businesses and users in today's dynamic digital world.

My expertise in JavaScript, TypeScript, React, and Redux, along with proficiency in web promotion, consistently delivers top-notch web and mobile applications that exceed expectations. With 12+ years of experience in distributed teams, I excel at collaborating effectively and tackling complex challenges.

Focused on designing user-centric applications, I am committed to helping clients achieve their online goals. Explore my projects on GitHub: https://github.com/YuliyaMinsk

Feel free to reach out for job opportunities or inquiries — I'm eager to contribute to the success of your digital projects.
