Обо мне

I have been working in IT sphere for about 15+ years. My first experience was in Web programming. I worked in PHP developing team. After that I worked in automation testing department. As test developer, I developed automation scripts for testing. After that I started Java developer career. As java developer, I have 7+ years experience. I worked with Java 10+, Spring, Hibernate, implemented REST-full APIs. I have experience with Git, SVN, maven, tomcat and Agile Methodologies.
