Навыки

AppStore, Combine, iOS SDK, SwiftUI, UIKit.

Опыт работы

- **Cryptopay Ltd.**

  Jul 2021 - November 2023 - iOS Developer

  Buying, selling and spending cryptocurrencies. Virtual and plastic bank cards.
  – Led a successful transition from Objective-C to Swift, reducing the codebase by 20-30% and accelerating overall development time by 30-40%.
  – Conducted the migration from Storyboards to Programmatic UI and from UIKit to SwiftUI, enhancing application flexibility and maintainability.
  – Implemented hot-swappable payment processors, boosting system adaptability and user satisfaction.
  – Initiated and managed the integration of SwiftLint into the project, accelerating code review processes by 15% and significantly improving code quality and compliance.
  – Managed the integration of SwiftGen, which facilitated a 15% reduction in development time by streamlining resource access.
  – Contributed to the integration of the CI/CD pipeline, which accelerated app delivery to testers by 60%, ensuring faster and more efficient deployment processes.
  – Developed and deployed feature flag functionality, enabling testers to toggle features in real-time within the application, significantly speeding up the testing of individual features.
  – Managed AppStore publishing, maintaining smooth deployment and continuous updates.

  Technology Stack: Objective-C, Swift, UIKit, Storyboards, SwiftUI, Combine, URLSession, AVFoundatuion, Swift Package Manager, MVVM, Core Animation, Moya, Git, AppStore.

- **CRPT - Chestny ZNAK**

  Jul 2019 - Jul 2021 - iOS Developer

- **intecgroup.ru**

  Jan 2018 - Jul 2019 - Junior Android/iOS Developer

Образование

- **Information systems and technologies**

  Tomsk State University of Control Systems and Radioelectronics
  2018

Обо мне

Experienced iOS Developer, proficient in Swift, SwiftUI. I specialize in designing and deploying innovative mobile applications that enhance user experience and ensure robust security. My strong leadership skills are demonstrated in managing full project cycles, integrating cutting-edge APIs, and optimizing app functionalities to elevate user engagement. Committed to continuous learning and applying the latest technological advances to solve complex business challenges effectively.
