JULY 2023-FEBRUARY 2024 - .NET Backend Developer
- **Limestone Digital | Czech (Remote, Contract)**
JULY 2022-AUGUST 2024 - Senior .NET Backend Developer

Образование

- **Information Technologies**

ADA University
2013-2018

Relevant coursework: Foundations of Mobile & Ubiquitous Computing, Human-Computer Interaction, IT Project Management, Intro to Algorithms and Data Structures, Software Design and Patterns, Requirement Engineering, Management of Information Systems, Artificial Intelligence, Database Administration & Web Database Integration, Web Development, Mobile App Development, Programming Principles on JAVA

Diploma work: Artificial Intelligence Chatbot for Customer Service (<http://chatbotada.olympiad.ada.edu.az>)

Обо мне

With over 6 years of professional experience, I have had the opportunity to work across various sectors, including governmental organizations, private companies, and startups. My primary expertise lies in backend development, particularly with the .NET ecosystem, though I have also taken on fullstack development roles when needed.

Having worked as a remote contractor and freelancer, I excel in independent projects and thrive in team collaborations. I am always eager to learn and adapt to new technologies quickly, allowing me to stay up-to-date in a fast-evolving tech landscape.
