Обо мне

Advanced skills in Flutter and Dart. Experienced in team

collaboration using task boards and GitHub. Additionally,

an expert in data parsing and browser automation with

Puppeteer in pure Dart. Skilled in analyzing HTTP

requests, working with proxies, cookies, and using

Postman for API testing. Basic knowledge of UI/UX

principles and experience working in Figma. In personal

projects, set up a backend using Dart Frog. Basic

knowledge of Docker and working in Ubuntu. Able to deploy

projects on remote VPS.
