- **IBA Infotech**

9 OCT 2020 - UI/UX Designer

Образование

- **Bachelor in technology**

HBTI
2012/2016

Обо мне

Hi! I'm a UI/UX Designer and Frontend Developer with over 6 years of experience crafting smooth, user-friendly designs for web and mobile. I've worked with startups, agencies, and international clients—helping them turn complex ideas into clean, intuitive digital experiences. I'm confident working both remotely and in collaborative team environments. Whether it's wireframes, prototypes, or full websites—I love turning ideas into interactive reality
