Опыт работы

• Luvina JSC, Da Nang City

Oct 2017 - Aug 2020 - Full Time Freelancer

As a full time freelancer, I have participated in various web projects.

At that time, I learnt lots of tech and especially I have gained lots of experiences in React, Vue, Svelte, Angular, Node.js, Go and Java.

Also I learnt team collaboration, tips of project architecture, implementing high-quality codebase etc.

As a result, I have grown to a full stack developer.

• BAP Software

Mar 2021 - Mar 2022 - Full Stack Developer

Established the micro-service for the online software marketing platform using Node.js, making the rapid delivery of software with a resulting 13% revenue increase.

Produced a scalable payroll system throughout both front and back-end side using HTML/CSS, JavaScript/Typescript, Python/FastAPI, and React.js/Next.js to effectively manage employees and reduce company costs by 3%.

Reducing response times by 20% using Redis caching for quicker data retrieval.

• Deveron LLC

Aug 2022 - Jan 2023 - Freelancer Front-end Developer

Junglebet is owned by Deveron LLC, licensed/regulated by the Autonomous Island of Anjouan, Union of Comoros (Gaming License No. ALSI-062403005-F16), and is legally authorized to conduct gaming operations for games of chance and wagering, having passed all regulatory compliance.

I have worked as a freelancer front-end developer, built seamless and modern UI/UX with Nuxt. It was freelance contract and worked for about 7 months. The job was pretty nice and this application is a proud of my skill.
