National Polytechnic University of Armenia | Bachelor's Degree
2017-2023

Обо мне

I am a JavaScript Engineer who is punctual, goal-oriented, and dedicated to delivering high-quality results. I possess excellent communication and teamwork skills, complemented by a positive and flexible attitude toward work. I am always eager to embrace new challenges and advance in my professional career.

With 5+ years of experience in designing and building responsive web applications in the iGaming industry, I specialize in JavaScript and React.js development. My expertise extends to UX design and understanding user psychology, enabling me to create engaging and user-centric solutions. Throughout my career, I have contributed to a variety of projects, including online casino games, iGaming platforms, back-office systems, streaming platforms, live casino platforms, CRM platforms, educational platforms, and more. I have been involved in end-to-end library development for games, creating dynamic core functionalities, and building robust solutions that cater to diverse user needs.
